Profile

A responsible and enthusiastic first year BA Computer Games Modelling and Animation student, who has experience with jobs like graphic designer and IT support, is now seeking a part-time job. Graduated from Private College of Computer Science with focus on graphics system and website development.

Relevant Experience

IT Support - Komterm Ltd.

May 2014, May 2015

I was responsible for management of users' accounts, migration of data, preparation of PC – terminals, hardware upgrade of current desktop stations, installment of windows systems, basic management of Windows Server with Active Directory and SQL.

I had to solve employee's user problems on daily basis.

This job was a compulsory school placement, but I had found it by myself.

Graphic designer and HTML & CSS3 Coder - Freelancer

Since January 2016

Since January 2016 I have been working as freelance Graphics designer as well as HTML5 and CCS3 Coder.

Daily I use programs like Photoshop, Illustrator, InDesign, Sketch, Net-Beans, Atom, Edge Animate, Animate CC.

I have made webdesign, app-design, logos, prints, corporate identity, responsive layouts (design as well as front-end code).

State contract on webdesign and prints materials for Power Plate Ltd. belong among my biggest projects.

Graphic designer (external) - Inveo inc.

Since August 2016

In company Inveo itc. I am responsible for preparing newsletter templates.

I make completely new templates and I also adjust the existing templates where I change the products and made new banners for new campaigns.

I have had an opportunities to make new templates/banners for companies like Douglas, Kiehls, J&T Bank and many more.

Inveo itc. is a big company which doesn't have any competition in the Czech Republic and is gradually entering the world market.

2D Animator / Designer (Part-time) - Médea Creativity inc.

Since May 2017

Making of animated banners in wide range of formats belonged among my duties.

My collaboration with the company was based on: Getting a Photoshop project and then preparing images for export to Adobe Edge Animate. This is followed by making the animations in Edge Animate according to task.

Normally, I worked with triggers, loops and symbols.

Relevant Skills

Communication

The jobs as self-employed graphic designer have improved my communication and management skills because I have had to communicate with clients.

Time management

Everytime I get a task, I have to meet the deadline, and that's why I must manage my time carefully .

Teamwork

Often times, when we work in team on bigger projects I am always eager to get involved.

Hard Skills

Photoshop		SQL/MySQL	
Illustrator		HTML5&CSS3	
InDesign		JavaScript	
Edge Animate		PHP	
Flash / Animate CC		MS Windows	
Sketch		Mac OS	
Premiere		MS Office	
After Effects		Windows Server	
AutoCAD		+ basic management Active Directory	
Maya			

Education & Qualification
